

Part1: Demographic information

The information you provide will be kept confidential and will be used only for statistical purposes.

Part1: Demographic information

In this part, we will collect the demographical data such as age, gender, driving experience and etc.

Participant ID

(This is different from the survey ID and can be found in the email)

Age

Gender

- ☐ Male
- ☐ Female
- ☐ Non-binary / third gender
- ☐ Prefer not to say

Nationality

How often do you drive in the past 3 months?

- ☐ Never
- ☐ A few times per year
- ☐ A few times per month
- ☐ A few times per week
- ☐ Almost everyday
- ☐ Everyday

How long have you been driving?

- ☐ Less than one year

- ☐ 1-2 years
- ☐ 2-3 years
- ☐ More than 3 years

Have you had any experience with Advanced Driver Assistant System (ADAS, such as adaptive cruise control, lane keeping, automatic parking, and etc.)?

- ☐ Yes, I use them quite often.
- ☐ Yes, but only try them a few times.
- ☐ No, I know about them but never tried them.
- ☐ No, I had no ideas what that means.
- ☐ Other

Part2 Propensity to trust

Part2: Propensity to Trust of Automated Vehicles

The following questions assess an individual's propensity to trust machines.
Answer the following questions regarding your current behaviours, not what you want your behaviour to be.

Measure your extent of agreement to these statements

	Strongly disagree	Somewhat disagree	Neither agree nor disagree	Somewhat agree	Strongly agree
I usually trust automated vehicles until there is a reason not to.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
For the most part, I distrust automated vehicles.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
In general, I would rely on a automated vehicle to assist me.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My tendency to trust automated vehicles is high.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is easy for me to trust automated vehicles to do their job.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am likely to trust a automated vehicle event when I have little knowledge about it.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Part3 Attitude towards automated driving

The questions in this part assess your attitude to the automated driving and automated cars. Your responses are completely anonymous. Your answers to the following questions will NOT be shared or linked to any identifying information

[illegible]

Not at all 0 1 2 3 4 5 Very familiar

- ☐ They are safer than humans.
- ☐ I can spend time on other activities, such as surfing the internet on the phone.
- ☐ I can reach my destination faster.
- ☐ Environmentally friendly(Better fuel efficiency)
- ☐ Other
